THIS DOCUMENT CONTAINS INFORMATION AFFECTING THE NATIONAL DEFENSE
OF THE UNITED STATES WITHIN THE MEANING OF THE ESPIONAGE ACT 50
U.S.C. 91 AND 92, AS AMENDED. ITS TRANSMISSION OR THE REVELATION
OF ITS CONTENTS TO AN UNAUTHORIZED PERSON IS PRO-
HIBITED BY LAW. REPRODUCTION OF THIS FORM IS PROHIBITED.

THIS IS UNEVALUATED INFORMATION

25X1 The Bad Freienwalde (N 53/V 28) - Angermunde (N 54/V 29)
25X1 railroad line is completed except for a bridge over a dead
25X1 arm of the Oder River near Schiffsmuehle, 1 km north of
Bad Freienwalde. Railroadmen said that the bridge, accord-
ing to an order of the Soviet MTO in Eberswalde (N 53/
V 08), is scheduled to be completed by 1 May 1950.

Comment:

Up to now the mentioned railroad line has been in operation
only between Angermunde and Saaten/Neuendorf, a 17-km
stretch, and thus had been of purely local importance. The
reconstruction of the entire line as far as Bad Freienwalde
is probably connected with an intended relief of the
Eberswalde - Angermunde section of the Berlin (N 51/V 75) -
Stettin (O 54/Q 55) trunk line.

This document is hereby declared
CONFIDENTIAL in accordance with the
letter of 16 October 1978 from the
Director of Central Intelligence to the
Archivist of the United States.
